200 HOSTLERS ARE OUT ON STRIKE

Men On the Central Railroad Stop Work.

AN INCREASE IN WAGES WANTED

Hostlers Also Demanded One Hour for Dinner—Say Additional Duties Have Been Imposed on Them, for which Better Pay Should Be Given.

Atlanta, April 13—Seventeen hostlers employed by the Central of Georgia railroad went on strike at 11 o'clock Thursday, as the result of a refusal on the part of the railroad to grant an increase in wages, to do away with switching duties and to give one hour for dinner.

The strike was general all over the system and probably 200 men in all, including helpers, walked out.

The strikers, who were making $2.09 a day, made a demand of $2.75 a day. This demand is based on the statement that a hostler must have a thorough knowledge of firing and be a practical engineer, which equipment calls for a good deal of experience. In spite of this fact, they allege their wages have not been increased in 17 years, although extra duties have been put on them. Six months ago, the strikers allege, they were not required to do any switching—they made up the train and it was switched to the yards by an engineer.

Now, they state, they not only have to make up the train, but carry it to the yards. This extra duty they think entitles them to more pay than they are now receiving. They also think they should have a full hour for dinner.

With S. A. Whitehurst, general roundhouse foreman in this city, the hostlers have no complaint and state that he has always treated them with fairness and they realize that he could do nothing towards improving their condition.

Forty Engineers Strike at Macon.

Macon, Ga., April 13.—Switch engineers on the Central railway in this city went out on a strike Thursday morning and the traffic in the local yards is badly tied up. For months it has been difficult to make the transfers in Macon necessary to keep the yards from being blocked, and the strike will seriously affect the business of the road. There are about 40 of the engineers. The whole number left their posts at 11 o'clock Thursday morning.

The laborers claim that they are not receiving sufficient pay for their services. The present salary is $2.50 per day, and the strike is for a higher price—an increase of 25 cents being asked. Several days ago the strike was threatened and the men were to have walked down from their levers at noon Monday. On account of hopes of reaching an agreement, there was no strike until Thursday.

There was a meeting in Murphy's hall on Fourth street shortly after the engineers left their posts and the grievances were discussed.

Gannaway Was Found Guilty.

Anniston, Ala., April 13.—The jury in the case of Charles Gannaway, charged with the murder of Dave Lowe, a prominent farmer, returned a verdict of guilty, giving the defendant life sentence. Gannaway was employed by Lowe and shot Lowe after demanding the payment of some money he claimed was due him. The shot took effect in Lowe's leg, causing his death thirty days later. Counsel for the negro was appointed by the court.

Roosevelt Ignores Graves.

Washington, D. C., April 13.—President Roosevelt declined to make any comment or to discuss for publication the declaration made by Jno. Temple Graves, of Georgia, at the Bryan anniversary club banquet at Chattanooga, Tenn., late Thursday night, that Mr. Bryan should, at the forthcoming democratic national convention, nominate President Roosevelt for another term.

KANSAS FIGHTS TO BAR LIQUOR

Effort to Oust All Breweries and Whisky Jobbers.

Topeka, Kans., April 13.—Application was made to the supreme court here by Attorney General Jackson for writs of quo warranto and injunctions against eight brewery companies, mostly Missouri and Wisconsin concerns, and against a number of whisky jobbers. It is sought to compel the defendants to cease doing business in Kansas state through their agents and cold storage warehouses and it is also the purpose to have receivers appointed for the properties located in this state. The action of the attorney general in filing these suits is considered the most drastic ever taken to enforce the prohibition law in Kansas.

The supreme court is asked to oust the companies because they are organized under the laws of other states and have not obtained licenses to do business in Kansas and on the ground that they are engaged in business contrary to law.

The supreme court has held several times that a corporation has no right under the laws of the state until it is authorized to do business in Kansas.

TO ERADICATE CATTLE TICK.

Government Expert In Charge in Hall Lumpkin and Dawson.

Gainesville, Ga., April 13.—The cattle quarantine law has gone into effect in Hall county. Dr. E. M. Nighbert, of the United States bureau of animal industry, is in Gainesville to take charge of the work of tick eradication in Hall, Lumpkin and Dawson counties.

Dr. Nighbert states that he rarely meets with any obstacles in doing this work, and he has traveled throughout the country.

The fact that the United States government is doing the work at no cost to the people whatever, is indicative of the benefits intended for the people generally.

Dr. Nighbert will go out among the people of Hall, Lumpkin and Dawson counties, with the local inspectors and explain the law's every detail. He arrived with his wife Saturday and will make Gainesville his headquarters. Mr. John T. Waters has been appointed inspector for Hall county, and Frank Meadors for Lumpkin.

Whisky Dealer Bound Over.

Augusta, Ga., April 13.—H. H. Oellerich, a local whisky dealer, was bound over for trial in the United States court, in the sum of $2,000, on a charge of unlawfully and fraudulently displaying a sign which indicated that he ran a distillery, when he did not. Bond was given by W. M. Nixon, who caused excitement in the court room, when he refused at first to sign a bond made out by Commissioner Wilfred Lane. Lane recently brought a charge against a brother of Nixon's, which was thrown out after a hearing, and Nixon was mad about it. As a result of the hearing it is probable that Oellerich will also be tried for perjury.

Silk Mill Merger.

York, Pa., April 13.—A silk mill merger with a capital of $23,500,000 has been announced. The merger includes the York and Monarch mills, in this city and mills at Carlisle, Fleetwood, Kutztown and Reynoldsville, this state. The purchaser is the American Silk Manufacturing company of New York. Plans are under way for the merging of a total of thirty mills, principally in Pennsylvania. No bonds issue will be made by the new corporation. It will have $10,500,000, 7 per cent preferred stock and $12,000,000 common stock.

Successor to Late Speaker Martin.

Montgomery, Ala., April 13.—A petition signed by 29 parties has been filed with the probate judge of this city asking that the name of Captain Peter E. Martin be placed on the ballot to be voted for at the election called for Montgomery county, May 7, to select a successor to the late Speaker W. L. Martin, of the legislature. Captain Martin is familiar in the political world, and his petition is the only one so far filed. It is thought that he will be elected by a good majority, and probably without opposition.

MISTRIAL DECLARED IN THE THAW CASE

Jury Stood 7 for Conviction; 5 for Acquittal,

ON THE GROUNDS OF INSANITY

Disagreement of the Jury Was a Great Disappointment to Thaw, Who Thought Up to the Last Minute that He Would Be Acquitted.

New York, April 15.—Although bitterly disappointed over the mistrial, especially since he had believed up to the very last minute that he would be acquitted, Harry K. Thaw is bearing up bravely. Indeed, his composure is on a part with the remarkable good spirits he showed during much of his protracted trial and the wearisome hours before the jury gave up its task. So sanguine was he of freedom that shortly before the jury came for the last time into the court room, he wrapped up a large bundle of letters and papers which he meant to take with him from his cell, when he was told by Messrs Peabody and O'Reilly that the jury could not agree he dropped his bundle of papers to the floor, speechless and disheartened but he presently recovered his courage.

The news of the discharge of the jury reached the hotel Lorraine some time before the arrival of the automobile containing Mrs. William Thaw, her daughters and the Countess of Yarmouth and Mrs. George L. Carnegie and Joshua and Edward Thaw. The prisoner's mother bore herself with the fortitude that she has exhibited all through and when asked if she had anything she wished to say about the trial and its results, she looked her questioner straight in the face and kept silent. The countess of Yarmouth was also calm, but she was paler than her mother. On the eother hand, Mrs. Evelyn Nesbit Thaw, who reached the hotel shortly after this, was excited and flushed. Members of the Thaw family sent telegrams to various cities, even abroad. The countess of Yarmouth cabled her husband in England, the words: "Great disappointment."

A number of interesting incidents are being related about the jury's doings during its long hours in its room. After the case had been given to the twelve men, Juror Pfaff suggested that the deliberations be preceded with a prayer. Juror Gerstman objected, on the ground that he was of the Jewish faith, but he was pursuaded to hear it.

His consent was coupled with a provision that he be permitted to offer a prayer of his own after Christian prayer. There was no objection to this and thus two prayers were said.

Conflicting accounts are being given of the effect of the nervous strain, the sleeplessness and the stubborn attitude of one part of the jury toward the other. Several of the men say that the past twenty-four hours of their confinement was filled with such angry disputing that at least twice one of the men held out for acquittal most came to blows with another juror who was determined upon conviction. But Juror Harry C. Brearley, who furnished the papers with a detailed account of his and his fellow jurors' acts, denies this and insists that the nervous strain they were all undergoing and their conscientiousness resulted only in some lively arguments which were magnified afterwards into quarrels. Rumors are rife despite statements tending to minimize them, that owing to disagreements over Thaw's present counsel, only Daniel O'Reilly will be retained for the next trial. When Mrs. William Thaw was asked as to Mr. O'Reilly's retention however, she declined to speak of it. Then again, it is reported that the Thaw family may go back to their original counsel, the firm of Black, Olcott, Gruber and Bonyge. Estimates are being made of the total cost of the trial.

UNWRITTEN LAW FREES FAVROT

Grand Jury Refuses to Indict Judge for Killing Aldrich.

Baton Rouge, La., April 13.—Democratic Congressman George K. Favrot, was set free Thursday night after having been in jail continuously for about five months, under arrest on a charge of murder, and awaiting action of a grand jury.

Thursday, by a unanimous vote, the second grand jury, which has considered his case, refused to indict the congressman.

Favrot last November shot and killed Dr. R. H. Aldrich, of Baton Rouge, who had been his lifelong friend. The congressman declared that the physician had made disparaging remarks about Mrs. Favrot.

The shooting occurred after an exciting election, in which Favrot had demonstrated great popularity, and while Favrot was still judge of the Baton Rouge court, which set him free. He resigned, and was indicted by a split vote by a grand jury, which had been selected under his jurisdiction before the shooting. Because one of the jury men, who indicted him was illiterate, the finding was quashed, the supreme court of Louisiana sustaining the quashing.

TRIBUNE BUILDING PREY OF FIRE

The Newspaper of North Georgia City and Entire Plant in Ruins.

Rome, Ga., April 13.—The Rome Tribune building on Friday caught fire and demolished the entire plant.

The fire got a good headway and was beyond control for some time.

The adjacent buildings on Broad street were menaced.

The Tribune building was owned by G. N. Featherston, of Rome. The building and newspaper plant are partly covered by insurance.

The fire started in the Caldwell Printing shop.

The Rome Tribune will be published from the Herald office until its plant can be rebuilt.

Closer Relations for Army and Navy.

Washington, April 13.—The joint board of the army and navy has determined upon a policy to establish closer relations and a more thorough co-operation in time of war between the personnel of the seacoast fortifications of the army and forces of the navy. The plan is to have a number of officers and enlisted men of each service interchange visits whenever naval vessels come within waters in proximity to seacoast fortifications in order to become acquainted with the methods of offense and defense employed by each. It was further decided by the joint board that the adjutant of the army should give to the chief bureau of navigation of the navy information as to the time artillery practice will be held in any artillery district in order that the navy may detail men to be present as witnesses.

No Commission Allowed Crum.

Washington, April 13.—W. D. Crum, the negro collector of the port at Charleston, S. C., has again been turned town. He will not be allowed any commission on $2,500 disbursed by him for repairs on the Charleston custom house. Congress authorized the repairs, but the comptroller of the treasury states that the law only allows commission on work of construction, and not on repairs. It is supposed that this was an effort of Crum also secure money he believed due him while serving as collector at the port of Charleston under appointment of the president. His salary was held up on the ground that such recess appointment was not authorized.

Will Meet at Valetta.

Rome, April 13.—It is reported at this place that King Edward and King Victor Emmanuel, who have respectively left the Balearic islands and Greece, will meet at Valetta, Island of Malta. In official circles no confirmation or denial of the rumor can be obtained.

Strict Quarantine Declared.

Kingston, Jamaica, April 13.—A strict quarantine has been declared against vessels from Cuba and Trinidad, where yellow fever has appeared.

BONILLA HAS GIVEN UP TO NICARAUGA

Honduran President Surrenders His Forces.

ACCORDING TO LATE ADVICES

Has Been Bottled Up Since His Flight and Honduran Sympathizers Who Had Great Faith in Bonilla's Plan Are Greatly Surprised at Outcome.

New Orleans, April 13.—According to a cablegram received by the officials of the Fruit Dispatch company, here shortly after 1 o'clock Friday morning, President Manuel Bonilla, of Honduras, has surrendered to the Nicaraguan forces. The cablegram came from Managua, Nicaragua, and was signed by President Jose S. Zelaya.

The cablegram was brief and no details were given other than that Bonilla surrendered early Thursday.

Other advices received here Thursday, however, were to the effect that Bonalla had been bottled up in Port of Amapala ever since he made his sensational flight from Choluteca.

Honduran sympathizers here had great faith in a plan of Bonilla which they said was to make his way to the interior and re-organize his forces for a long distance to the Nicaraguans with the possibility of a coalition with Salvador and Guatemala. Consequently the report of his surrender came as a great surprise.

Washington, April 13.—That all of the Central American republics are looking to the present state of warfare between Nicaragua and Honduras to result in an agreement for permanent peace in Central America was developed Friday by a general discussion at the state department. With the end in view the negotiations looking to a cessation of hostilities will not go as far as to take up the subject of permanent peace, but will leave this broad question to a conference to be held in Washington or the City of Mexico and all of the countries immediately interested may take part.

The United States and Mexico according to the embryonic plans, will occupy the important positions of umpires.

The conflict between the two of the Central American republics, which is now drawing to a close, has made it apparent to all that the present unsettled conditions there are hampering the development of the countries.

The various republics not involved in the war kept free with the greatest difficulty, and commercial affairs in all of them were affected. With the United States and Mexico urging the placing of the republics on a firm basis so that they might dwell amicably together and enjoy an interchange of business, and with the lessons taught by the present war, there is every indication that a permanent agreement may be reached.

The plan has not gone far enough for the suggestion of a date for such a conference. Ambassador Creel is said to be father of the idea, but it has the hearty approval of the state department officials.

Jumped to Safety.

Cleveland, O., April 13.—Men, women and children jumped from third story windows to escape death in a fire in a tenement building at 1982 Columbus Road, N. W., early Friday. Nine families were asleep on the three floors of the building when the flames broke out. Finding escape cut off through the lower halls a panic among the occupants of the upper floors followed and many leaped from the windows. Several received injuries more or less serious. Firemen succeeded in rescuing a number of tenants with ladders. So far as known there were no fatalities. The loss on the building is small.

Woodworkers on Strike.

Dubuque, Iowa, April 13.—Fifteen hundred woodworkers went on strike here Friday. They ask nine-hour day and increased wages.

OFFICERS-ELECT WERE SWORN IN

Took Oath of Allegiance Before Mayor Thomas Thursday.

THE NEW COUNCIL ORGANIZED

Alderman Geo. K. Broome Again Elected to Exalted Position as President of the Council—Personnel of New City Government a Good One.

With almost the splendor, dignity and solemnity of a court of the old line, the newly-elected officials who, with the hold-overs of the administration of the past year, will hold the destinies of the city's affairs in their hands for the next twelve months or more, were administered the oath of office at the City Hall Thursday afternoon by Mayor W. R. Thomas. The scene was a most impressive one, as such scenes usually are, and the goodly crowd who had assembled to witness the ceremony were very attentive to the proceedings.

Of the newly-elected officers, it looks as though there might have been a poor start, inasmuch as only six of the ten officials elected were present to receive the sacred vows of allegiance to the city and their duties. However, it is understood that the remainder of the number found it impossible to be present, owing to pressing business engagements, and they will take the oath of office before the Mayor as soon as it is convenient.

Those who took the oath Thursday were Alderman S. M. Mixson, Alderman A. L. Vidal, Clerk and Treasurer J. M. Dell, Marshal Benj. T. Arnow, Assessor W. M. Bradford, and Member Board of Public Works E. J. Baird, all of whom will enter upon their duties at once. Aldermen E. E. Cannon and I. E. Webster, and J. H. Vidal, member-elect of the Board of Public Works, were detained.

Immediately after having been administered the oath of office, the new Council was organized with the election of Alderman Broome as president to succeed himself. Alderman Broome, in a neat and most appropriate little address, assured the new Council of his high appreciation of the honor which had been bestowed upon him. He took occasion to remind the Council that he himself was a property owner—not only a property owner, but one who had been here a long time, and who had the deepest interest in the city, its people and its welfare, and he wanted the new Council to feel that he was with them, as he had been with all former municipal legislatures, to which he had had the honor to belong for many years. He promised to fulfill the duties of the position on the new board as he had always done in the past—to his best ability and most conscientious judgment.

The President will appoint his committees at a later date.

Immediately after Mr. Arnow had taken the oath of office, Marshal Pinkoson, retiring, delivered the authority to him. Mr. Pinkoson has made a fine officer, calm, determined and conservative. There is no doubt but that Mr. Arnow will do the same, as both gentlemen are men of high integrity and conservative judgment. No person could have a just objection to the retiring official, and it is hoped and believed that the same may be said of Mr. Arnow at the expiration of his term.

It is believed that with the coming administration there will be harmony, justice and prosperity. The newly-elected aldermen are men of ability and judgment, and it is safe to say that they will work well with their colleagues who have been retained by virtue of their extended terms.

J. H. Vidal and E. J. Baird, who succeed S. J Thomas and W. B. Taylor of the Board of Public Works, it is needless to add will do their duty toward the city in the matter of improvements. Messrs. Thomas and Taylor have also been enthusiastic and zealous toward the progress of the city, and they deserve and will receive the gratitude of our citizens.

The New Administration.

Mayor, W. R. Thomas; Marshal, Benj. T. Arnow; Collector, T. B Ellis, Sr.; Clerk and Treasurer, J. M. Dell, Sr.; Assessor, Wm. Bradford; Aldermen, Geo. K. Broome, J. F. Bunch, A. E. Wittstock, S. M Mixson, A. L. Vidal, I. E. Webster, E. E. Cannon; Board of Public Works, W. W. Hampton, H. F Dutton, H. E. Taylor, J. H. Vidal and E. J. Baird.

For Thin, Poor Blood

You can trust a medicine tested 60 years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla; the original Sarsaparilla; the Sarsaparilla the doctors endorse for thin blood, weak nerves, general debility.

But even this grand old medicine cannot do its best work if the liver is inactive and the bowels constipated. For the best possible results, you should take laxative doses of Ayer's Pills while taking the Sarsaparilla.

TO ENJOY A GOOD DINNER.

There is no need of any self-denying diet list, no call for nasty disagreeable medicine, no list of hard exercise; simply a Mi-o-na stomach tablet before each meal, and one before going to bed, and it will so strengthen the stomach that a good dinner will give you pleasure and comfort without the least fear of distress.

The best proof of the value of our advice is the fast that J. W. McCollum gives a positive guarantee (applying to two 50c boxes of Mi-o-na) that your money will be refunded unless the remedy cures. A guarantee like this must give you confidence in Mi-o-na stomach tablets.

A Pleasant Evening.

At her home on West McCormick street Wednesday evening, Mrs. T. W. Pitts tendered to her class in elocution, vocal and instrumental music and physicial culture a delightful entertainment, which was highly enjoyed. Through the courtesy of Mrs. Pitts a few intimate friends of the class were invited, and all present enjoyed the fine program, which was of a literary and musical nature. Delicious refreshments were served, and at a late hour the class and guests dispersed under many obligations to Mrs. Pitts and her clever little daughter, Miss Cutice, for their hospitable treatment of the evening.

Cured of Rheumatism.

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by all druggists.

FINE PROGRAM AT L'CROSSE SUNDAY

Twenty-Fourth Anniversary of the Sunday School.

PROGRAM WAS INTERESTING

Superintendent Parker Made Opening Address—Address of Welcome by Pastor, With Response by Superintendent of Schools Dr. Kelley.

The LaCrosse Baptist Sunday school celebrated its 24th anniversary on Sunday, the 7th inst. Great numbers of appreciative people was in attendance.

Appropriate remarks were made in opening by H. C. Parker, superintendent of the school. An address of welcome was made by the pastor, Rev. F. M. Hartman, and responded to by Dr J. L. Kelley.

The church was handsomely decorated in evergreens and choice flowers. The music, both vocal and instrumental, was of the best. The recitations were perfect and most interesting. The children seemed to vie with each other in excellency of performance, interest and behavior. Notwithstanding the program was lengthy, not a word of prompting was needed, and the entire service impressed the observer of the master hands of able tutors.

Chadoin Parker read an able essay on "Obedience and Its Fruits." Sweet little damsels bearing national banners of each of the missionary fields (after Mr. T. R. Parker had given a statement of the mission work and its results in each field) would make a soul-stirring plea for help for the mission field represented by them. A liberal contribution was made by the congregation.

A high moral and religious sentiment prevails in and around LaCrosse and the Sunday school has been a power in its formation and durability.

May the good work continue.

VISITOR.

EUREKA!

Yes, I Have Found It At Last.

Found what? Why, that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—ELDER JOHN T. ONGLEY, Rootville, Pa. For sale by all druggists.

Former Resident Was Here.

H. C. McCreary, for many years a resident of this city but now residing in Knoxville, Tenn., where he is following his profession of constructing engineer, has returned to his home, after a brief visit here. Mr. McCreary owns real estate, and was here looking after his interests. He is now engaged in an extensive contract, that of laying a track for the Southern Railway from Knoxville to Asheville, N C, and is employing a large number of men. He was the guest of J. F. Bunch while here.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. McCollum & Co.

Mrs. McCollum Entertains.

Mrs. J. W. McCollum entertained a limited number of her lady friends informally at cards Wednesday morning. During the morning delicious refreshments were served, and it is needless to add enjoyed. Those present spent a most delightful morning.

Stomach and Liver Trouble Cured.

Orino Laxative Fruit Syrup cures stomach and liver trouble as it aids digestion, and stimulates the liver and bowels without irritating these organs like pills and ordinary cathartics. It cures indigestion and sick headache and chronic constipation. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

S.S.S. PURIFIES THE BLOOD

As every part of the body is dependent on the blood for nourishment and strength, it is necessary that this vital fluid be kept free from germs, impurities and poisons. As long as it remains uncontaminated we are fortified against disease and health is assured; but any humor or impurity acts injuriously on the system and affects the general health, or culminates in some special blood disease. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid, or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood diseases that continue to grow worse as long as the impurity or poison remains in the circulation. Some persons are born with an hereditary taint in the blood and we see the effect manifested in various ways. The skin has a pallid, waxy appearance, the eyes are weak, glands in the neck often enlarged and usually the body is not fully developed or strong, because it has always been fed on weak, impure blood. In all blood troubles S. S. S. has proved itself a perfect remedy. It goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this stream of life pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S.; it removes every particle of taint, purifies and strengthens the weak, deteriorated blood, supplies it with the healthful properties it needs and establishes the foundation for good health. Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all blood diseases and disorders are cured permanently by S. S. S. It is made entirely of roots, herbs and barks, and is the King of all blood purifiers. Book on the blood and any medical advice desired sent free.

ANOTHER BUSY DAY AT STATE CAPITOL

Many Bills Were Introduced in Both Branches of Legislature.

PUSHING NEEDED LEGISLATION

Senators and Representatives Were Busy at Forenoon Session, After Which There Were Important Committee Meetings.

Tallahassee, April 11.—Wednesday was a busy day here, both in Senate and Lower House, the morning sessions in both houses being followed in the afternoon and night by many important committee meetings.

The following is a part of the business transacted:

Senate Proceedings.

The Senate was called to order at 10 o'clock a. m., President Harris in the chair, twenty-nine Senators answering to the roll.

The following new bills and joint resolutions were introduced:

Senate Joint Resolution No. 127, by Mr. Buckman—That it is the sense of the Senate and the House of Representatives that a revision of the constitution is necessary.

Senate Bill No. 128, by Mr. Henderson—To permit Tallahassee to acquire waterworks plants.

Senate Bill No. 130, by Mr. Baker—To provide for safe-keeping of records of surveyors general.

Senate Bill No. 131, by Mr. Baker—To authorize circuit judges.

Senate Bill 132, by Mr. Neel—To amend general statute relating to public printing.

Senate Bill 133, by Mr. West of the First—To give power to legislative committee to administer oaths and to interrogate persons as to their interest or interest of others in appearance before the committees. Mr. West explained the object of the bill, so that the object and interest of all persons appearing before any committee may be determined.

Mr. West, in reply to several questions, said the main object was to determine whether the person appears in his own behalf or as a paid attorney representing some other interest. In other words the committee would know whether he was paid or appeared from patriotic motives.

Senator Willis offered an amendment, by striking out the right to question the witness as to whether he was paid or to be paid. Senator Broome moved that the bill lie over and be made a special order for tomorrow morning at 11 o'clock. Senator Clark amended this by asking that the bill be referred to the judiciary committee. Senator Adams offered still another amendment, that 200 copies be ordered printed, which amendment was accepted by Senator Broome; carried.

Senate Bill No. 134, by Mr. West of the First—To amend general statutes relating to courts in chancery.

Senate Bill No. 135, by Mr. Crews—To provide for pensioning of all soldiers known as "Home Guards."

Senate Bill No 136, by Mr. Zim—To prohibit contracts for future delivery stock, grains, cotton, etc., and to prohibit establishment of exchanges or bucket shops.

Senate Bill No. 137, by Mr. Zim—Relative to titles of real property.

Senate Bill No. 138, by Mr. Massey—To provide committee rooms for the Senate and House of Representatives. On roll call the bill was lost by a vote of 18 to 13, amid many changes of votes and two roll calls.

A message from the Governor was received.

Senate Bill 139, by Mr. Massey—To amend general statutes relative to qualifications of electors in cities and towns.

Senate Bill 140, by Mr. Massey—To provide for distribution of general statutes to judges of circuit and criminal courts.

Senate Bill 141, by Mr. Massey—To define the effect of the record of deed or mortgages unacknowledged or defectively acknowledged.

Senate Bill No. 143, by Mr. Willis—To amend road laws of Levy county. Being a partly local bill, the usual course was followed, the rules waived; bill read second and third time and passed.

Resolutions Considered.

Under consideration of resolutions on second reading, Senate Concurrent No. 7, relative to appointing a committee on apportionment, was adopted.

House Concurrent Resolution No. 5, relative to committee to visit reform school at Marianna, adopted.

House Concurrent Resolution No. 6, relative to appointment of committee to visit and inspect convict camps of the State after increasing the number of the committee to six, two from the Senate and four from the House, by amendment, was adopted.

House Concurrent Resolution No. 8, for committee to visit hospital for insane at Chattahoochee, was adopted.

The message from the Governor, transmitting the report of the commission on trustees of the reform school at Marianna, was ordered spread upon the journal.

Bills on Second Reading.

Senate Bill No. 4, by Mr. Massey—Fixing the regular terms of the circuit court of the Seventh judicial circuit. Rules waived, bill read second time by title, third time in full and passed, 28 to 0.

Senate Bill No. 47, by Mr. Adams—A bill to be entitled an act to provide for the proper care, maintenance and protection, inspection rules for regulation and control of county prisoners, manner of their discharge, and inspection of county jails, and to pay for the expense of carrying out the provisions of this act. Committee on prisons and convicts report favorably.

Senate Bill No. 81, by Mr. Humphreys—A bill to be entitled an act to incorporate and establish a municipal government for the town of Sarasota. This bill was read the second time, and under the usual waiver of rules in cases of local bills, read the third time in full, and passed, 27 to 0.

Senate Bill No. 88, by Mr. McCreary—To amend General Statutes relating to the printing of ballots, was reported by the committee, with amendment, which was adopted. On request of Senator Hudson this bill was passed informally.

Senate then adjourned until 10 a. m. Thursday.

Proceedings of the House.

The House was called to order at 10 o'clock a. m., a quorum being present, and proceeded to business.

The following bills were among others introduced:

House Bill No. 150, by Mr. Paul of Holmes—Relative to amending general statutes pertaining to public roads.

House Bill No. 152, by Mr. Smith of Lake—Establishment of good roads system in State.

House Bill No. 153, by Mr. Wartman of Marion—Relative to orders by circuit judges.

House Bill No. 154, by Mr. Abernathy of Orange—Relative to carrying of deadly weapons.

House Bill No. 157, by Mr. MacWilliams of St. Johns—Service of legal notice, etc.

House Bill No. 159, by Mr. Kilgore of Sumter—Bids for road work.

House No. 161, by Mr. Decker of Hillsborough—For the creation of Pinellas county.

Ordered that 200 copies primary bill reported favorably by committee on privileges and elections be printed. Also 200 copies of House Bill No. 22.

On motion of Mr. Calkins of Nassau, to take up from table motion to reconsider concurrence in Senate amendments in resolution to investigate the charges against trustees I. I. Fund. Lively debate was precipitated; ruled in order; carried; roll call, ayes 33, nays 29. Speaker voted in negative.

Motion to reconsider amendments.

Roll call, 37 ayes, 24 nays. Carried. The House then concurred in the first of the Senate amendments by a unanimous vote. It was evident the fight was to be on the second of the Senate amendments relative to the employment of council, expert accountants, stenographers, etc. The House refused to concur in the second amendment by a vote of 25 to 38 on motion to concur. The Senate was asked to recede from its position.

After consideration of messages from the Senate and the reference of various Senate bills to proper House committees, the House adjourned until Thursday morning at 10 o'clock.

A GREAT COMPLIMENT.

Colfax Rebekah Lodge Will Confer Degree Work at Grand Lodge.

From Friday's Daily Sun.

One of the greatest compliments ever paid to Colfax Rebekah Lodge No. 2, I. O. O. F., was the designation of the working team of this lodge in the matter of conferring the work for the benefit of the order at the Grand Lodge session, which will be held in St. Petersburg next week.

The degree team of Colfax Rebekah lodge, which comprises twenty well-informed members of the lodge under the direction of Captain J. W. Blanding, expects to leave Gainesville on Monday of the coming week for the South Florida city, where the Grand Lodge will convene Tuesday. On Wednesday evening the team will confer the work, and it is needless to add that it will be conferred in a correct and impressive manner.

Colfax Rebekah lodge, which enjoys a large membership, has the reputation of being one of the best in the State.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by all druggists.

A Pleasant Party.

A select party consisting of Mr. and Mrs. Graves, Mrs. Palmer and sister, Mrs. Coles, Mrs. Hyde and Miss Kittie Carlisle spent the day at Spring Park Wednesday, enjoying the hospitality and free-hearted generosity for which Mr. Callison is famous.

After spending some time viewing the many interesting sights, in and around the beautiful home, a bountiful dinner was served that was thoroughly enjoyed.

KILLS CATARRH GERMS.

Stomach dosing cannot kill these germs; a direct local treatment is absolutely necessary, and for this purpose nothing else equals Hyomei.

Breathed through the neat pocket inhaler that comes with every outfit Hyomei reaches the most remote air cells in the nose, throat and lungs, giving immediate relief and effecting a permanent cure in the worst cases of catarrh.

A complete Hyomei outfit costs but $1, and J. W. McCollum gives a guarantee with every outfit that the treatment will cost nothing unless it cures.

LAKE CITY RESORTS TO LEGISLATURE

Mr. Cone Introduced Resolution of Significance in Senate.

WANTS COMMITTEE APPOINTED

To Investigate the State's Interests in the Columbia County Capital, Which Are Estimated at More Than a Quarter of a Million Dollars.

About the most interesting proceeding in the Senate Thursday was the Concurrent Resolution No. 10, by Mr. Cone of Lake City, relative to the school property of the State in Lake City, and which is plain enough on its face.

Not content with having been defeated in every turn from the lowest to the highest court, it seems a determination of those interested in Columbia county to pursue the course they have always pursued.

After having lost out in both the Supreme Court of Florida, and the Supreme Court of the United States, effort is now being made to "try it over."

Following is that section of the Senate proceedings which will interest the people of Florida in general and this section in particular:

"Senator Adams was called to the chair and the following resolutions were taken up on second reading:

"Senate Concurrent Resolution No. 10, by Mr. Cone:

"'Whereas, There is located at Lake City, Florida, property consisting of lands and buildings, with an estimated valuation of a quarter of a million dollars, the title to which is vested in the State of Florida; and

"'Whereas, There is also a monetary consideration involving principal and interest involving about $40,000 of the State's money; therefore, be it

"'Resolved by the Senate and House of Representatives concurring, That a joint committee composed of three on the part of the Senate and four on the part of the House be appointed to investigate the State's interest therein, and report their recommendations and findings by bill or otherwise.'

"The motion to adopt this resolution met with immediate and sharp remonstrance from the Senator from the Eighteenth, who is also the author of the famous Buckman bill, which became a law two years ago. The Senator claimed that the resolution practically looked to the reestablishment of another school at Lake City, and that if Lake City should have her college back so should all the other institutions be reestablished, which were abolished by the legislative act of 1905.

"Senator Cone of the Fourteenth, of Lake City, fought strongly for his resolution and reviewed at some length all that his city had done for the college and University, and again asked that this committee go and personally examine the property of the State and report back the facts. He said the State still owned very valuable property and that Florida could not afford to allow the buildings to rot down and that Lake City and Columbia county were willing to do their share and only asked the help of the State in the interest of the educational interests of the State.

"Senator Adams followed and said that he helped to pass the Buckman bill but stated that he did not consider it the most complete system of higher education that could be established and that because some good had been accomplished there was no reason why the Legislature of 1907 might not even improve on the work of that of 1905. Senator Adams asked if the Senate was afraid to have a committee to investigate this matter thoroughly and report and then let the matter come back fairly on its merits. Senator Adams made a remarkably strong though brief speech.

"Senator Buckman replied and complimented Senator Adams on his argument, but said his premises were wrong. He intimated that the object was not clearly shown in the resolution. The Senator wanted to know why the State of Florida should examine property that belongs to Lake City and said the real object was to have the committee examine these buildings for the purpose of establishing a new State school.

"Senator Adams here interrupted with a question asking if the Senator from the Eighteenth was afraid to have the buildings examined, and the reply came no, but that all admitted the buildings were there, that this was not denied and that if the Legislature desired to establish another school at Lake City, they could do it just as well without sending a committee to see something that no one disputed. Pointing the subject of injury to existing schools, Senator Buckman said all knew that the establishment of any other school would hurt those existing, and that the present system in its infancy had not yet been given the fullest trial of the existing system.

"Senator Cone replied and said it was an unfair proposition to say that the State of Florida had offered Lake City these building, and Lake City had refused them, and that the Board of Control had at the beginning refused to allow them to keep the college paraphernalia and blocked them at the start.

"Senator Trammell asked Senator Cone the object of the resolution and received the reply that the committee might decide—that they might use the buildings for a normal school, a technological school or some other educational purpose.

"Senator Humphreys also asked if such was the case, why did not the resolution so state. Senator Cone replied that the State could use them also for some other purpose not necessarily educational. Several requests were made that the resolution in full be read again, which was done. A yea and nay vote was demanded. Those voting aye were Mr. President, Senators Adams, Broome, Clark, Cone, Davis, Girardeau, Hudson, Leggett, Neel, Trammell, Willis, Withers, West of the Fourth, and Zim of the Fifteenth. Those voting nay were Messrs. Alford, Baker, Beard, Buckman, Cottrell, Crane, Crews Crill, Henderson, Humphreys, Jackson, McCreary, Massey, Sams and West of the First. As the vote was being announced Senator Hudson arose to change his vote from aye to nay. Senator Hudson explained that he attempted to make himself heard before the vote was announced. On motion of Senator Humphreys, Senator Hudson was granted permission to change his vote. This he did and the vote announced and resolution lost by vote of 14 to 16.

"Senator Hudson then gave notice that he would move for a reconsideration of the vote by which the resolution was lost."

A man by the name of Cobb has committed suicide in Georgia. It's not the cob, but usually that which surrounds it, that causes trouble and distress.

This is a time when any prophesy as to the Presidential outcome is sure to attract attention, and it is far enough from 1908 to be completely forgotten before the event comes around.

A bill has been introduced in the Legislature of Tennessee making it a criminal offense to play bridge whist or other card games for prizes. It was first thought to be a joke, but Representative Cottrell who introduced the bill says that he means to secure its passage if possible.

The sock and stocking trust is after us with a raise in price of 15 per cent, while cotton is cheaper and the spinners are receiving but little higher wages; but the sock trust is protected by the tariff and can charge all foreign socks would cost with the tariff tax of 30 to 50 per cent added.

Say what you will about "the unwritten law," there is solemn warning in a code which provides that he who is mean enough to detroy what is more precious than life by that very act forfeits his own life. Humanity enters eternal protest against any theory which keeps one from killing the wolf that destroys the lamb.

We say it in no frenzied rhetoric that the "freedom of the press" is the sheet anchor of our safety—the palladium of our liberties. When its sacred precincts are invaded, its conduct regulated, its utterances censored, Democratic government will have ended and that which has made governments abhorred in Europe and Asia will have been enthroned. Where the press is not free nihilism stalks the earth and protection is sought in the bomb of the plotting anarchist.—Ocala Banner.

N. O. Nelson, a wealthy manufacturer of Saint Louis, has offered to take all children under the age of fourteen from the mills and factories of that city and place them in school. He agrees to pay one-half the wages earned provided the women's clubs of the city pay the other half. Such charity is deathless—it's record shall pass from breast to breast, down the generations. Carnegie, Rockefeller, Mrs. Russell Sage—the multi millionaires—are brain-reeked over the problem of how to unload their millions. Nelson, of Saint Louis, can learn them the trick. And it means the raising of a monument more enduring than the costliest mausoleum or polished shaft. In an ever-widening and ceaseless influence is will abide when libraries and palaces and given over to the owls and the bats.

FLORIDA PLUCK.

It may be said with impunity that no State in this great Union can boast of a people so thoroughly possessed of pluck and energy. No State in the Union has a more contented, a more prosperous or a more united people when it comes to putting a shoulder to the wheel of progress. Florida is proud of her industrious populace from Pensacola to Miami, from Fernandina to Key West.

But what has brought about these conditions? While we are blessed with the greatest and most diversified State in the Union, it cannot be altogether this, for what does it profit a community, however blessed with natural advantages, if these advantages are not transformed into resource?

The answer is plain, and from the adding up the deduction is at once recognized. It is the combination of the natural advantages which God has given us, combined with the energetic efforts of our people to develop them.

It's a hard matter to discourage a Floridian—in fact, its an impossibility. By adversities in one way or another he may be crushed to earth temporarily, but he is bound to rise again, as has been demonstrated on many occasions, the most memorable of which was the great freeze of 1894-5, when magnificent orange groves, which it had required a life-time to acquire, were laid bare in one bleak night. What did the Floridian do then? The agricultural, horticultural and commercial interests of the entire State were distressingly demoralized; but the Floridian did not ask for outside aid. He went to work with a willingness and a determination to re-establish what it had taken him years to build, refusing outside aid which was kindly offered. The story can best be told of his achievements by a trip through this State at the present time, when one may see on every hand magnificent groves and farms, manufacturing enterprises, lumber and naval stores plants, and in fact all that would tend to show prosperity, with nothing to indicate that awful calamity of twelve years ago.

The Jacksonville fire is another demonstration of energy. Look backward a few years before that disastrous conflagration, than turn the searchlight upon the Jacksonville of today—the new Jacksonville, of which not only Floridains feel proud to honor, but upon which the whole country has turned its eyes.

Think of the great calamity which visited Pensacola, carrying with it a loss of millions of dollars. Pensacolians evidently remembered the adage that it's an ill wind which blows nobody good, and her citizens went to work to rebuild with a willingness. Look at Pensacola of today, and the reader will almost agree with his Pensacola brother in this time-worn adge.

In all, Floridians have the pluck which is bound to carry them through, as has been demonstrated in the past.

NO HALT IN PROSPERITY.

Mr. Henry H. Rogers of New York, in a special interview in The Manufacturers' Record, gives a very optimistic survey of the business conditions for the country, and says:

"The country is all right, conditions will adjust themselves, and there will be no stagnation or halt in prosperity on account of the Presidential campaign next year."

This is an epitome of the opinions expressed by Mr. Henry H. Rogers in the course of an extended conversation with Albert Phenis, a special correspondent for The Manufacturers' Record.

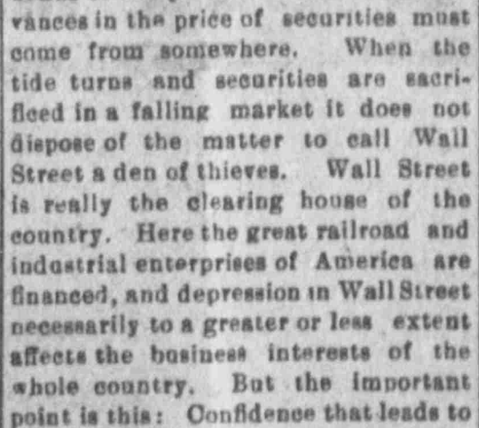
"While we have had a serious disturbance in the security market," said Mr. Rogers, "I believe that present conditions are bound to right themselves. I believe the country is all right, and that the confidence of the people generally will be speedily restored. The country has grown so tremendously, the population has increased so vastly and the production of wealth has gone ahead so enormously over what it was years ago that I cannot believe there will be any serious interference with the tide of prosperity the whole nation has experienced for a number of years past. The earth is yielding wealth as never before. Not only have vast quantities of gold and other metals been taken from the ground in recent years, copper, iron, coal, etc., but diversification in agricultural products has had an important part in bringing a new and more permanent prosperity to the people. Take the case of the Red river country of the North: When wheat was so nearly the sole crop raised up there that it formed the major part of the freight hauled by the St. Paul road, a bad crop year meant ruin for the farmers and great loss to the railroad. Today the relation that wheat bears to the total freight traffic of this road is 50 per cent less that it was 20 years ago; ruinous crop failures do not occur along the line, and the road is uniformly prosperous. I understand the South has similarly learned the lesson of diversification, with the result that you never were so prosperous in that important section, and that the same conditions exist in the West.

"Everybody is living on a scale different from that of a few years ago. As a rule, everybody has more money than he had in former years, and we all require more comforts, conveniences and luxuries. We live in better homes than our fathers did; we wear better clothes than the generation before us; our children go to better schools; we travel more, we have things to eat every day that we had only at certain seasons of the year a short time ago, and we have more money in our pockets than the people did of a generation past. This means that a greater production of everything is required; that people have more to do, and it takes more workers to accomplish what must be done.

"I believe in providential happenings in all the affairs of men, and I believe that Providence is on the side of this country and that everything will work out all right. I don't believe the people are going to overlook the things that make for their well-being. The whole country has had a taste of the blessings of prosperity, and in a providential sort of way I believe the people are going to eliminate the factors that would stand in the way of continued prosperity.

"Continued agitation, the people will see, unsettles conditions. You cannot move loads with a team that won't haul—with horses or mules that will not pull together. The people must see that settled conditions are necessary for progress and development, and I believe that the sentiment of the country will have so crystalized within a few months that there will be a practically united demand for the strongest conservatism in the conduct of the Government. We must have settled conditions, and I believe we will have them.

"While the recent panic is described as a flurry among the Wall Street gamblers, its effects and significance are not to be so contemptuously dismissed. When investors from the outside can come up to Wall Street and buy stocks or bonds that pay good dividends or yield a profit by an advance in price, Wall Street is considered by them as a very good place, but the money that is paid out in dividends or the profits secured from advances in the price of securities must come from somewhere. When the tide turns and securities are sacrificed in a falling market it does not dispose of the matter to call Wall Street a den of thieves. Wall Street is really the clearing house of the country. Here the great railroad and industrial enterprises of America are financed, and depression in Wall Street necessarily to a greater or less extent affects the business interests of the whole country. But the important point is this: Confidence that leads to investment in securities is essential to the continuation of development. And settled conditions are neccessary to maintain confidence. Every new enterprise requires money to carry it through. Wall Street, it is but an elemental fact to state, affords the greatest market in the country for the securities of these enterprises. When there is no sale for securities at normal values enterprises are halted. We have already seen how various improvements contemplated by the railroads have been temporarily suspended. I would like to make this point: There is more wealth in the country today than ever before known. Conditions, requirements and methods of carrying on all kinds of business, including farming, have so changed in recent years that general stagnation is almost impossible today. The people throughout the country will seek to invest their surplus funds in bonds and other securities, and they will demand that conditions exist whereby these investments will not be subject to disturbing influences, and that important development enterprises are not hampered by unnecessary and continued agitation."



EVERY HOUSEWIFE should buy an IMPERIAL SELF-HEATING FLATIRON. Economical and Practical. It saves its cost in a short time.

W. E. BROWN,

REPUBLICAN LAND GRAFTERS.

Representative Williamson of Oregon, who was convicted in 1905 on the charge of conspiracy to unlawfully secure United States lands, was about to be sentenced to pay a fine of $500 and serve 10 months in prison, when he appealed to the Supreme Court that his imprisonment would prevent his attendance upon sessions of Congress from which he claimed protection under the Constitution. He now moves the court to advance the case to immediate hearing on the ground of its public importance. As the term for which Williamson was elected to Congress expired on the 4th of March last, his appeal will hardly appeal to the court as of any importance, as to keep him out of prison would not affect his next attendance on the next Congress of which he is not a member. Still it will be interesting to know if a Congressman convicted of crime is so necessary to his constituents that the court will let him free to serve them. The Republicans of Oregon must have been hard up for material for public servants when they selected Senator Mitchell and Congressmen Williamson and Hermann, all of whom were mixed up in the land frauds.

As facts are developing it proves the railroads are playing a very dangerous game. They have manufactured a drop of values in Wall Street and have found that has not frightened the administration, and now they are doing the much more dangerous thing of starting a general commercial depression to show the country at large that they are being ill-used. Papers have been sent to the Interstate Commerce Commission by some of the big commercial organizations enclosing a circular addressed to them by the railroads telling how they are being hounded by the Federal and State governments and stating that they are curtailing expenses, countermanding orders for material and cancelling contracts for extensions and improvements. The letter from the railroads asked for signatures to a petition, to be published broadcast by the press, prophesying a repetition of the hard times of 1893 to '97 if the railroads were not let alone. This is playing with fire. The railroads, by stopping expenditures and throwing thousands of men out of employment, can create general financial depression if they choose. But it is a Frankenstein that is liable to get away from its creators and play havoc. If there is anything likely to force a general demand for strict governmental control, if not governmental ownership of the railroads, it is for them to wilfully precipitate a panic. But there are strong indications now that they are riding for a fall, and if they do they are likely to get it.

Hon. Frank Clark, Congressman from this district, desires an accurate list of all persons, whether widows of veterans or veterans, now living in Alachua county, who are now on the pension rolls of the United States. He sometimes has valuable information to communicate to federal pensioners, and would take great pleasure in doing so if he had their address. He wishes that each one who is interested will at once mail him their full name, number and date of certificate, amount of pension, company and regiment in which soldier served, war in which service was rendered, rank of soldier on whose account pension is received, whether white or colored, whether pension is being received under general laws or special act of Congress, and present age of pensioner. It will be to the interest of pensioners to furnish this information as soon as possible.

Senator Tillman was greeted with a crowded house in Jacksonville Thursday night. He delivered his famous lecture on the race problem and used his pitchfork vigorously.

THE SAFE BLOWERS SPENT NIGHT HERE

Men Who Robbed Green Cove Springs Bank Are in The City.

TO BE PUT ON THIS MORNING

Will be Taken to the Mines of West End Today, and Will Begin Their Sentences of Fifteen Years Each Monday Morning.

From Saturday's Daily Sun.

State Convict Transfer Agent T. E. Bridges of Ocala is in the city.

Captain Bridges has in custody eight prisoners, convicted of various crimes in the circuit court of Clay county at the term just closed, and sentenced to various terms in the convict camp at Dutton.

The fact of Captain Bridges having eight prisoners en route to the mines is nothing singular, but when it is learned that four of them are white men, and men of considerable note as criminals, the matter assumes a different phase. These four men are Bolton, Riley, Bennett and Harvey, professional safe-blowers, who blew the safe at the Green Cove Spring Bank in February of the present year, secured a large amount of booty, made their escape, and were subsequently captured, after a desperate struggle, in which one of the men, Bolton, was seriously injured by a pistol ball.

The men were taken to Jacksonville, where they remained in the Duval county jail until a week ago, when they were returned to Green Cove Springs for trial.

The men pleaded guilty, and were sentenced to fifteen years each in the phosphate mines. They will begin their term of service at Dutton Monday morning.

The men spent Friday night in the Alachua county jail, where they appeared contented. They seem possessed of a jovial disposition, and have determined to make the best of the situation, feeling really grateful that their sentence was five years less than they had anticipated.

The men will be taken to Dutton on the Atlantic Coast Line train leaving here at 11:40 o'clock today.

ACCIDENT TO MR. SANDBORN.

While Trimming Trees He Fell and Sustained Painful Injuries.

While trimming trees in front of his home, North Oak avenue, Saturday morning, L. L. Sandborn, a prominent winter resident, had the misfortune to lose his balance, and fell nearly thirty feet to the ground. Neighbors who saw him fall went to his assistance, and found him in an unconscious condition. He was taken into his home and a physician summoned. After hard work the patient was finally resuscitated, and is now resting easily. It was a fortunate thing that Mr. Sandborn did not sustain more serious injuries.

GAINESVILLE IS AGAIN VICTORIOUS

Judge Locke Makes Order Dismissing Bill in University Case.

LAST THREAD HAS VANISHED

When the Supreme Court of The United States, to Which an Appeal Had Been Taken, Sustained the Decision of the Lower Court.

Again Lake City has been defeated in its attempt to compel the Board of Control to again establish the University of Florida in that town, from whence it was removed to Gainesville by order of the Board of Control, which, while no more was expected, will be gratifying information to the people not only of this city, but the entire State, with but few exceptions.

The story of the University and its troubles in this direction are so well known that it is needless to go over them again. However, the following from The Times-Union of the 12th inst. is self-explanatory:

"Judge James W. Locke, in the United States Circuit Court, yesterday handed down an order dismissing the bill in the suit of the City of Lake City vs. the State Board of Control, et al.

"This order marks the ending of the hard fight to stop the removal of the University of Florida from Lake City to Gainesville, a fight that has, at every turn, been marked by rulings favorable to Gainesville and adverse to Lake City.

"The fight began in the State courts and Lake City losing there, was carried into the United States courts. Here, as in the State courts, the Board of Control won, and the University of Florida remains at Gainesville, its present home.

"It is regarded as exceedingly unlikely that any further fight will be made to compel moving the University back to Lake City."

HELPING HANDS SOCIETY.

Ladies Served Refreshments Friday With Gratifying Success.

The ladies of the Pastor's Helping Hands Society of the Presbyterian church served refreshments Friday afternoon and evening in the Marcus Endel store, corner West Main and Liberty streets. The refreshments comprised delicious strawberry ice cream, assorted cakes of the finest kind, and coffee. The affair was well patronized, quite a neat sum was realised, and the ladies desire to express their sincere thanks to a generous public for making the function a success both socially and financially.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

Heavy Rain At Hague.

James B. Dell, who owns and cultivates a magnificent farm in the Hague section, reported upon his arrival from that place Friday a heavy rain, severe enough to thoroughly drench the soil.

FIRST NATIONAL PROSPEROUS.

Capital Stock Has Been Increased to Hundred Thousand Dollars.

As will be seen by the advertisement elsewhere, the First National Bank is prospering, as this institution has recently increased its capital stock from $50,000 to $100,000, with a reserve or surplus of $20,000.

This increase has been necessitated on account of the great increase in the business. No bank in the State is on a stronger financial footing in proportion to its capital, and the patrons of the institution, as well as the citizens generally, are glad to note the prosperity, as it means the prosperity of the community.

The business of the First National has always been conducted by conservative officials, but who are always glad to accommodate their patrons within reason. This accounts largely for the magnificent and growing success of the institution.

NEW MARSHAL IS BUSY.

First Arrest Was a Cow Trespassing On a Private City Lawn.

Marshal Benj. T. Arnow, who was sworn in Thursday afternoon and assumed the duties of the office immediately, was busy during Thursday night and Friday.

The first arrest made by the new officer was a fine cow belonging to J. B. Padgett, which in some manner had made her escape from home, and was peacefully grazing upon the lawn of one of our prominent citizens within a stone's throw of the mayor's home. The animal was placed in "cow jail," along with fourteen others which Officer Arnow arrested during the night, and her "fine" was paid by her owner the following day.

Marshal Arnow states that he took into custody fifteen cows during the night within four blocks of the court house.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

Mr. Ford As Conductor.

Fred H. Ford, formerly special agent of the Atlantic Coast Line, has resigned that position in order to accept a position as conductor on the Jacksonville and Southwestern division of the road. Mr. Ford, who has not been in the best of health recently, made the change for the reason that he thought the same would probably prove beneficial to him. His friends trust he will receive the desired benefit.

Whooping Cough.

I have used Chamberlain's Cough Remedy in my family in cases of whooping cough, and want to tell you that it is the best medicine I have ever used.—W. F. Gaston, Posco, Ga. This remedy is safe and sure. For sale by all druggists.

REAL ESTATE IS MOVING.

J. M. Patterson Has Purchased Handsome Home in North Gainesville.

Real estate continues on the move in all sections of the city, which is evidence that "there is life in the old town yet." The latest deal reported is the transfer of "Ingleside," the beautiful home owned and for many years occupied by Col. I. E. Webster and family, in North Gainesville, to J. M. Patterson, who removed with his family to Gainesville from Orange Heights several months ago.

The property is among the most desirable in that favored section, embracing a neat seven-room house and ten acres of land.

Mr. Patterson and family already have possession, having removed to the place several weeks ago.

Good Judgment

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. Many, indeed, are the sensible mothers who write, expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by W. M. Johnson.

Vanderbilt Co. In Receiver's Hands.

Atlanta, April 12.—W. W. Summerlin, of Tallapoosa, Ga., has been appointed receiver for the Vanderbilt Timber-Mining and Southwestern Railway company, a corporation which is chartered under the laws of Alabama, but partly operates in Georgia and of which George O. Vanderbilt, of Princeton, N. J., is one of the chief promoters. It is alleged in the petition for a receiver, which is filed by Jesse Barlow and F. A. Post, that the defendant company is insolvent and owes $100,000.

Just Because

Your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to pneumonia, bronchitis and consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all. Sold by W. M. Johnson.

McDonald in Critical Condition.

Huntsville, Ala., April 11.—Alex McDonald, the young white man who was shot on Saturday by the negro grave digger, T. Bolling Bynum, is in an extremely critical condition and his death is expected at any minute. His physicians do not believe it is possible for him to recover. Bynum has been placed in jail. McDonald has a wife and children and is only 25 years old.

Gentle and Effective.

THURSDAY'S WORK AT TALLAHASSEE

Both Branches of Legislature Were Active During the Day.

MANY COMMITTEE MEETINGS

The Solons Are Pushing Matters Rapidly as Is Conservative—Many Important Bills Introduced in Both Senate and Lower House.

Thursday was another busy day at Tallahassee, the work of both branches of the Legislature showing considerable activity.

In the House Speaker Matthews signed his first bill, that of abolishing the present provisional government of the city of Pensacola, and providing a new municipal charter therefor.

A very strong delegation is here from St. Petersburg, Clearwater and Tarpon Springs, urging the passage of the bill introduced in the House yesterday by Mr. Decker of Hillsborough, establishing the new county, Pinellas, from that portion of Hillsborough known as the sub-peninsular. It is also said that the strong delegation here from Tampa is opposing this county division measure, but all rumors are not to be implicitly relied upon.

In the Senate the most interesting feature, of course, was the debate on the question of receding from the Senate Amendment No. 2, to the now famous House Concurrent Resolution No. 1. This was the first day of oratory in that body, both on this question and on that of requiring duplicate pleadings and so on filed in all cases.

Senate Proceedings.

Senate Concurrent Resolution No. 9 was introduced by Senator Hudson, providing for a committee of two from the Senate and three from the House, to investigate as to the feasibility of addition to the capitol, or additional buildings, and if such was feasible to report a bill covering the suggestions.

Senate Concurrent Resolution No. 10, by Mr. Cone, relative to appointment of committee to investigate the holdings of the State at Lake City, known as the former University of Florida, and with an estimated value of a quarter million dollars and to report to the Legislature by bill.

New Bills Introduced.

Among the new bills introduced were the following:

Senate Bill No. 146, by Mr. Trammell—Requiring commission merchants, etc., to make out and mail to consignee certain reports within a certain time from delivery and sale of such produce.

Senate Bill No. 147, by Mr. West of the First district—To make tax deeds prima facie evidence of title.

Senate Bill No. 148, by Mr. Crill—For protection of shad in Florida, to prescribe close season, etc , to regulate shipments and provide penalties.

Senate Bill No. 150, by Mr. Jackson. Prohibits sale, barter or giving away cigarettes, cigarette papers, etc.

Senate Bill No. 152, by Mr. Alford, to amend general statutes, defining duties to State's attorney and fixing their salaries.

Senate Bill No. 153, by Mr. Crill, relating to guardians and authorizing the appointment of charitable associations as such guardians.

Senate Bill No. 154, by Mr. West of the Fourth, to among general statutes relating to courts.

Consideration of Resolutions.

Under consideration of resolutions on second reading, Senate Concurrent Resolution No. 8, requiring the distribution of the acts relating to public roads, etc., to various county officials was adopted unanimously.

A message was received from the Governor transmitting the report of the commissioners to examine into the Indian war claims. On motion the message and report were ordered printed in the journal and 200 copies ordered printed.

A message from the Governor relative to monument of Florida troops on the Chickamauga battlefield and also transmitting resolutions adoped by the Florida division of the U. C. V. relative to this monument, and also for the publication of a revision of rolls of Florida troops, etc., was received, and rendered spread upon the journal.

The Senate then adjourned until 10 a. m. tomorrow.

HOUSE PROCEEDINGS.

A communication was received from Hon. Frank Clark of Gainesville to Hon. W. H. Dorman of Suwannee, thanking the House for resolution of thanks for course in the peonage matter and condemning Barry and Hearst. On motion of Mr. Dorman it was spread on the journal.

Memorial from First brigade of Florida United Confederate Veterans, relative to establishment of a State department of archives and history, and for erection of a monument to Florida soldiers at Chickamauga, and a monument to the women of the South. On motion of Mr. Reese, of Escambia, it was spread on the journal.

Memorial from Paid Hatch Camp No. 1116, United Confederate Veterans, of Mayo, asking for bills relative to pension; spread upon journal.

House Bill No. 152, by Mr. Long of Clay, relating to assessment and collection of revenue.

House Bill No. 163, by Mr. Knight of Citrus, prohibiting sale or gift of cigarettes.

House Bill No. 164, by Mr. Griggs of Franklin, relating to vagrants.

House Bill No. 165, by Mr. Griggs of Franklin, costs in justice court.

House Bill No 166, by Mr. Taylor of Gadsden, prohibiting intoxication in public; temperance.

House No. 167, by Mr. Register of Hamilton, payment of poll taxes.

House Bill No. 168, by Mr. Wilson of Hernando, relating to damage to stock by phosphate plants.

House Bill No. 174, by Mr. Crawford of Orange, changing marks of an animal.

House Bill No 56, penalty for failure to transmit immediately messages, when resulting from negligence.

Senate bills and resolutions read and referred to proper committees. House concurred in Senate amendments to resolutions for committees to visit convict camps and insane asylum.

On motion of Mr. Rowe, of Madison, Senate Bill No. 144, to provide municipal government for town of Greenville, was passed under suspension of rules.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

Don't Put Off

For tomorrow what you can do today. If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any. Buy a bottle today. A positive cure for rheumatism, burns, cuts, sprains, contracted muscles, etc. T. S. Graham, Prairie Grove, Ark., writes: "I wish to thank you for the good results I received from Snow Liniment. It positively cured me of rheumatism after others had failed." Sold by W. M. Johnson.

Land Office at Gainesville, Fla., April 1, 1907.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the public land States by act of August 4, 1892, William H. Hayes of Tyler, county of Alachua, State of Florida, has this day filed in this office his sworn statement No. 664, for the purchase of the N 1-2 of Ne 1-4 of Section No. 4 in Township No. 9 S., Range No. 16 E., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before Register and Receiver at Gainesville, Fla., on Thursday, the 6th day of June, 1907.

He names as witnesses: Rowdy Bagley, G. S. Bagley, L. J. Guinn, T. F. McCollister, all of Tyler, Fla.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 6th day of June, 1907.

pd HENRY S. CHUBB, Register.

Miss Jessie Reed of Sioux City, Iowa, who has been in this city for the past few weeks, left for her home a day or two recently. She was well pleased with Gainesville and the people, and may return next season.

Friends of Rev. S. B. Rogers, who is now in Atlanta at the hospital, will be glad to learn that his condition is still improving, although the improvement is slow. Mr. Rogers spent a day or two recently at Indian Springs, Ga., which seemed to prove of some benefit to him.

A number of Gainesville's devotees of sport spent a day at Boulware Springs yesterday, enjoying a fine chowder prepared under the direction of that veteran at the business, "Uncle Dave" Robertson. More than a dozen were present, and the day was most enjoyably whiled away. The crowd returned in the afternoon full of chowder and contentment.

W. L. Cowles of Chicago, senior member of the firm of W. L. Cowles & Co., consulting engineers, who has been in the city for the past few days, has gone to the West End. Mr. Cowles also handles an improved track-laying machine, and has succeeded in placing one of these machines on the construction work of the Jacksonville and Southwestern division of the Atlantic Coast Line.

J. E. McIlwaine, formerly of this city but more recently of Jachsonville, where he has been working in the train dispatcher's office of the Atlantic Coast Line, was in the city yesterday. He is en route to Birmingham, Ala., where he has accepted a position as division trainmaster on the Southern Railway. Mr. McIlwaine's friends congratulate him upon this promotion. He is a deserving as well as a capable young man.

From Saturday's Daily Sun.

'Phone A. M. Dickson, broker, Gainesville, and get prices, quality and quick delivery. Goods sold from Jacksonville and the West. Can give delivery prices to all points.

Claud Brewer and family are now pleasantly located at their home, corner North Pleasant and West Court street, recently purchased by Mr. Brewer. The home is a two-story building, and one of the neatest in that section of the city.

Joe Anderson, J. E. Chavis, J. M. Barber, John Luther and Thomas Butler formed a quintette of visitors from Old Town who have been spending a couple of days in the city. These gentlemen came on business connected with the United States land office.

One of the handsomest delivery wagons seen in this city for some time is that recently received by John Seagle from Cincinnati. This wagon was built especially for Mr. Seagle, after his own design, and is very conveniently arranged for the handling of furniture.

In its write-up of the retiring officers of the Board of Public Works yesterday, The Sun announced that the retiring members were S. J. Thomas and W. B. Taylor. This was a mistake, as it was Messrs. Thomas and W. N. Wilson. The error occurred on account of the confusion of Mr. Taylor's candidacy, together with the fact that he was a retiring member of the City Council.

From Sunday's Daily Sun:

Richard Simmons of Monteocha was trading in the city Friday.

Mrs. M. R. Colson has gone to Micanopy on a visit to her daughter, Mrs. S. T. Gay.

John H. Holley, the merchant of Arredondo, was a business visitor to this city Saturday.

J. D. Walker of Live Oak has arrived in the city and will make his future home here. He has succeeded C. L. Kline, agent of the American Home Insurance and Trust Company, Mr. Kline having decided to resume his profession as a painter.

Strayed—From my farm ten miles west of Gainesville, two Pointer pups. One entirely white, the other white and liver-colored. Both had collars with my name when left home. Any information will be rewarded. W. A. Haile, Gainesville.

Attention is directed to the advertisement of The G. W. Hyde Company, which appears elsewhere in this issue. This is one of the leading firms in Florida when it comes to millinery, dry goods, etc., and it will pay prospective purchasers to call and inspect the stock and prices.

Ira J. Carter of Newberry was in the city yesterday. Mr. Carter, who has been engaged in the mercantile business at Newberry, recently disposed of his interests, and purchased a nice farm near Gainesville. While he will continue to cultivate this farm, he will probably remove with his family to Gainesville. They will be gladly welcomed here.

O. R. Green of Windsor was in the city Friday. Mr. Green, who is a manufacturer of lumber, had the misfortune to lose his mill by fire the latter part of December, but has rebuit on a more modern scale, and turned the steam on the new plant for the first time Wednesday. While the mill is not a large one, cutting from 8,000 to 10,000 feet per day, it is modern in its equipment.

CAPTAIN PAUL HOME.

He States That Farmers and Cattle Are Suffering in LaFayette.

Captain Antoine Paul, special agent of the United States land office, is at home again, after ten days spent in various sections of LaFayette county on official business.

Captain Paul states that in LaFayette, as everywhere else, the planters are suffering a great deal for rain. It has been the longest season of drought that section of the State has known for years. The planters have been seriously delayed in the sowing of their crops, and ponds and lakes have gone dry for the first time in the recollection of the oldest settlers.

The cattle are also affected, as they are dying in bogs in search of water, and altogether conditions in the sections visited are anything but favorable, with no indication or prospect of rain when he left.

AN ANCIENT RELIC.

T. W. Shands Has Deed Executed by George II in 1727.

One of the most valuable and interesting relics in this section of the country is a deed in the possession of T. W. Shands of this city, and which has attracted a great deal of attention. This is a deed issued by King George II, "In the name of Great Britain, France and Ireland," to a tract comprising 270 acres of land in the Colony of Virginia, near Williamsburg, the beneficiary being William Shands. The instrument, which is dilapidated and tinged with age, is dated October 13, 1727, hence is one hundred and eighty years of age. It came into possession of its present owner by inheritage through the recent death of a relative, and naturally Mr. Shands prizes it very highly, being one of the oldest documents in the country.

The deed has been framed for preservation.

WILL GIVE A CHOWDER.

Municipal Club Will Tender Members and City Officials Big Dinner.

On Tuesday, April 16, at 1:30 o'clock, the Municipal Club will give a fish chowder on the Burnett lot, East Union street, just east of Crawford & Davis' stable, to which all members and all city officials are cordially invited.

Bring your own bowl and spoon. The club will furnish the fish and bread, and those present will do the eating. By order of

THE COMMITTEE.

Justice Colman's Court.

George Kagle and John Robinson, two colored men of Fairbanks who were arraigned in Justice Colman's court Friday upon a charge of assaulting Bessie Scipie with a shot-gun, were discharged by the court for the lack of evidence to convict.

The Scipie woman was the party arraigned Monday upon a charge of vagrancy, and the two men, whom she had previously had arrested upon this charge of assault, were witnesses against her. This case is still under advisement of the court.

CARD FROM MR. PINKOSON.

He Expresses Thanks to Friends Who Stood by Him Last Tuesday.

To The Voters of Gainesville Who Supported Me in the Recent City Election:

I would like to express my thanks to you for your support. I feel that every vote that I received was by men who believed in the enforcement of the laws.

I am satisfied that my friends who elected me for city marshal four years ago have stood by me to the last. It makes me feel good to see that they know that I have stayed on the same side of the fence that the law and ordinances made, and that I have *never* tried to serve on both sides, by not enforcing the laws. You all know that I went into the office enforcing the laws and came out doing so.

Four years ago Alderman C. C. Pedrick asked me if I would enforce the impounding of stock if he should build a pound. I told him I would as near as I possibly could; so Mr. Pedrick built the pound and I kept my promise, which I feel proud of; and I know that Mr. Pedrick is not ashamed of it.

I also promised the ladies of Gainesville that I would do all in my power to carry out the law against the sale of whiskey. I did my very best, and I have captured a great many "blind tigers" or whiskey sellers (as they are called), and every one that I caught was convicted. I am sure that the ladies believe that I have carried out my promise as far as I possibly could.

Now, to say for the people who have violated the peace and moral ordinance, I have treated them all the same—the rich or poor, the white or black, regardless who he be. The jail house caught them all if they were too disorderly to accept bail of. I took no man to his home and put him in bed—I always had a spare room for him in the jail when he deserved to be there.

With a man for mayor like W. R. Thomas, I always made me feel like doing my duty, because he played no favorites with anyone, all being dealt with as they justly deserved according to the ordinances.

I feel that my defeat is more honorable with the men who voted for me than to have been elected by those who opposed me. I have no apologies to offer to anyone.

I thank all my friends for what they have done for me in the past, and would be glad to stand by and be loyal to them. I have done what was right and my conscience is clear.

Respectfully,
CHAS. PINKOSON.

HUBERT

BY VILEY.

1st dam ..... by ..... Helmet
Helmet ..... by ..... Lexington

A dark bay horse of good speed and action, combining the best trotting blood with the best thoroughbred.

A sure foal getter, producing both saddle and driving horses, as many of his colts are good saddlers and speedy drivers.

Terms of service, $3 00 per one service, or $7.00 with privilege of returning mare as often as is necessary within sixty days after first service, or $10.00 to insure a colt to stand and suck.

BILLY REED

A gray jack six years old brought from Kentucky last fall, good bone and very active. A proven foal getter, producing colts good enough to be shown at the fair in Lexington, Ky., last fall.

Billy Reed was by Baughman's jack, 1st dam Edna, by big Powell jack; 2nd dam Parley, by Paragon. Billy Reed is half brother to the Ball jack, the best mule jack in Lincoln county, Ky.

Terms of service, $5.00 per single service, $10 00 per service with privilege of return as often as is necessary within sixty days after the first service. $15.00 to insure a colt to stand and suck.

Service money due for either horse or jack when first service is rendered. Except when bred to insure a colt, then service fee is due when colt meets requirements, or when the mare is parted with or bred to another horse or jack.

Lein will be retained on colt for service fee.

Mares will be kept on pasture at $3 00 per month.

This stock will make the present season at Dungarvan Farm, one and one-half miles west of Orange Lake, about two and one-half miles southwest of McIntosh.
